INTERNSHIP

Frontend Developer Intern — VSoft Solutions, Tirunelveli, Tamil Nadu

- Developed and optimized responsive React.js components integrated into a live production environment, consuming RESTful APIs via Axios within Agile/Scrum delivery cycles.
- Built reusable, state-driven UI components following component-based architecture; participated in code reviews, sprint planning, and cross-browser debugging.

PROJECTS

SAC Net Exam – Online Examination Portal

Live: <https://sac-net-exam.vercel.app/register>

React.js | Next.js | TypeScript | Node.js | Express.js | MongoDB | Tailwind CSS | Vercel

- Engineered a scalable full-stack exam portal supporting 1,000+ concurrent users with 10+ RESTful API endpoints, server-side validation, and automated CI/CD deployment on Vercel.

IPL Auction Multiplayer Game – Real-Time Bidding Platform

Live: <https://ipl-two-red.vercel.app>

Node.js | Express.js | Socket.io | JavaScript | HTML5 | CSS3 | Vercel

- Designed and deployed a real-time multiplayer bidding system using WebSockets (Socket.io) achieving sub-100ms event propagation with conflict-free game state synchronization under concurrent load.

Sadak Sports Register Portal – Institutional Event Platform

Live: <https://sac-murex.vercel.app>

React.js | Next.js | TypeScript | Tailwind CSS | Node.js | REST API | Vercel

- Delivered a full-stack sports registration platform for 1,000+ users, replacing a manual process with an automated digital workflow eliminating duplicate registrations.

MSC Paint Service – Corporate Business Website

Live: <https://mscpaint-service.vercel.app>

HTML5 | CSS3 | JavaScript | Responsive Design | Vercel

- Built a multi-section responsive corporate website with mobile-first design, cross-browser compatibility, and zero-downtime deployment on Vercel.
